It is a Federal crime to bring upon the institution grounds any firearm, destructive device, ammunition, other object designed to be used as a weapon, narcotic drug, controlled substance, alcoholic beverage, currency, or any other object that threatens the order, discipline, or security of a prison, or the life, health, or safety of an individual without the knowledge and consent of the Warden. 18 U.S.C. §§ 1791 and 3571 provides a penalty of imprisonment for not more than twenty years, a fine of not more than $250,000 or both, to a person who provides, or attempts to provide, to an inmate any prohibited object. All persons entering upon these premises are subject to routine searches of their person, property (including vehicles), and packages. The Warden, upon reasonable suspicion that a person may be introducing contraband or demonstrating actions that might otherwise endanger institution safety, security, or good order, may request the person, as a prerequisite to entry, to submit to a visual search, pat search, urine surveillance test, breathalyzer test, or other comparable test. A visitor has the option to refuse any of the search or test or entrance procedures, with the result that the visitor will not be permitted entry to the institution.

Institution: USP ATWATER. Location: ATWATER, CA

Name of Inmate To Be Visited: (b)(6)

It is a Federal crime to bring upon the institution grounds any firearm, destructive device, ammunition, other object designed to be used as a weapon, narcotic drug, controlled substance, alcoholic beverage, currency, or any other object that threatens the order, discipline, or security of a prison, or the life, health, or safety of an individual without the knowledge and consent of the Warden. 18 U.S.C. §§ 1791 and 3571 provides a penalty of imprisonment for not more than twenty years, a fine of not more than $250,000 or both, to a person who provides, or attempts to provide, to an inmate any prohibited object. All persons entering upon these premises are subject to routine searches of their person, property (including vehicles), and packages. The Warden, upon reasonable suspicion that a person may be introducing contraband or demonstrating actions that might otherwise endanger institution safety, security, or good order, may request the person, as a prerequisite to entry, to submit to a visual search, pat search, urine surveillance test, breathalyzer test, or other comparable test. A visitor has the option to refuse any of the search or test or entrance procedures, with the result that the visitor will not be permitted entry to the institution.
NOTE: Your refusal of these procedures means that you will not be permitted entry to the institution, and you will be allowed to leave the institution property, unless there is a reason to detain and/or arrest you. The use of cameras or recording equipment without permission of the Warden is strictly prohibited; violators are subject to criminal prosecution. Once a visit with an inmate begins, if a visitor leaves the visiting area, the visit will be terminated. Any exception must be approved by the visiting room officer.

Date: 5/23/04 Time: 12:15 Officer's Name: (b)(7)c

Institution: USP ATWATER Location: ATWATER, CA

Name of Inmate To Be Visited (b)(6)

It is a Federal crime to bring upon the institution grounds any firearm, destructive device, ammunition, other object designed to be used as a weapon, narcotic drug, controlled substance, alcoholic beverage, currency, or any other object that threatens the order, discipline, or security of a prison, or the life, health, or safety of an individual without the knowledge and consent of the Warden. 18 U.S.C. §§ 1791 and 3571 provides a penalty of imprisonment for not more than twenty years, a fine of not more than $250,000 or both, to a person who provides, or attempts to provide, to an inmate any prohibited object. All persons entering upon these premises are subject to routine searches of their person, property (including vehicles), and packages. The Warden, upon reasonable suspicion that a person may be introducing contraband or demonstrating actions that might otherwise endanger institution safety, security, or good order, may request the person, as a prerequisite to entry, to submit to a visual search, pat search, urine surveillance test, breathalyzer test, or other comparable test. A visitor has the option to refuse any of the search or test or entrance procedures, with the result that the visitor will not be permitted entry to the institution.
NOTE: Your refusal of these procedures means that you will not be permitted entry to the institution, and you will be allowed to leave the institution property, unless there is a reason to detain and/or arrest you. The use of cameras or recording equipment without permission of the Warden is strictly prohibited; violators are subject to criminal prosecution. Once a visit with an inmate begins, if a visitor leaves the visiting area, the visit will be terminated. Any exception must be approved by the visiting room officer.

It is a Federal crime to bring upon the institution grounds any firearm, destructive device, ammunition, other object designed to be used as a weapon, narcotic drug, controlled substance, alcoholic beverage, currency, or any other object that threatens the order, discipline, or security of a prison, or the life, health, or safety of an individual without the knowledge and consent of the Warden. 18 U.S.C. §§ 1791 and 3571 provides a penalty of imprisonment for not more than twenty years, a fine of not more than $250,000 or both, to a person who provides, or attempts to provide, to an inmate any prohibited object. All persons entering upon these premises are subject to routine searches of their person, property (including vehicles), and packages. The Warden, upon reasonable suspicion that a person may be introducing contraband or demonstrating actions that might otherwise endanger institution safety, security, or good order, may request the person, as a prerequisite to entry, to submit to a visual search, pat search, urine surveillance test, breathalyzer test, or other comparable test. A visitor has the option to refuse any of the search or test or entrance procedures, with the result that the visitor will not be permitted entry to the institution.

The use of cameras or recording equipment without permission of the Warden is strictly prohibited; violators are subject to criminal prosecution. It is a Federal crime to bring upon the institution grounds any firearm, destructive device, ammunition, other object designed to be used as a weapon, narcotic drug, controlled substance, alcoholic beverage, currency, or any other object that threatens the order, discipline, or security of a prison, or the life, health, or safety of an individual without the knowledge and consent of the Warden. 18 U.S.C. §§ 1791 and 3571 provides a penalty of imprisonment for not more than twenty years, a fine of not more than $250,000 or both, to a person who provides, or attempts to provide, to an inmate any prohibited object. All persons entering upon these premises are subject to routine searches of their person, property (including vehicles), and packages. The Warden, upon reasonable suspicion that a person may be introducing contraband or demonstrating actions that might otherwise endanger institution safety, security, or good order, may request the person, as a prerequisite to entry, to submit to a visual search, pat search, urine surveillance test, breathalyzer test, or other comparable test. Name of Inmate To Be Visited [redacted] (b)(6)

It is a Federal crime to bring upon the institution grounds any firearm, destructive device, ammunition, other object designed to be used as a weapon, narcotic drug, controlled substance, alcoholic beverage, currency, or any other object that threatens the order, discipline, or security of a prison, or the life, health, or safety of an individual without the knowledge and consent of the Warden. 18 U.S.C. §§ 1791 and 3571 provides a penalty of imprisonment for not more than twenty years, a fine of not more than $250,000 or both, to a person who provides, or attempts to provide, to an inmate any prohibited object. All persons entering upon these premises are subject to routine searches of their person, property (including vehicles), and packages. The Warden, upon reasonable suspicion that a person may be introducing contraband or demonstrating actions that might otherwise endanger institution safety, security, or good order, may request the person, as a prerequisite to entry, to submit to a visual search, pat search, urine surveillance test, breathalyzer test, or other comparable test. A visitor has the option to refuse any of the search or test or entrance procedures, with the result that the visitor will not be permitted entry to the institution.
NOTE: Your refusal of these procedures means that you will not be permitted entry to the institution, and you will be allowed to leave the institution property, unless there is a reason to detain and/or arrest you. The use of cameras or recording equipment without permission of the Warden is strictly prohibited; violators are subject to criminal prosecution. Once a visit with an inmate begins, if a visitor leaves the visiting area, the visit will be terminated. Any exception must be approved by the visiting room officer.
